Rob,

Thank you for your time Friday. As we discussed, a number of the comments in the EPA/EPD review of the Supplemental Site Characterization Work Plan for OU2: CBA are directly related to the BRA Memo. Accordingly, it is appropriate for us to wait to respond to these comments until you have completed your review of the BRA Memo. The comments that relate (at least in part) to the BRA memo include:

- EPA General Comments: 1, 2, 6, 7, 10
- EPA Specific Comment: 1
- EPD Comments: 1a, 1b, 1c

Thank you, Timmerly

Let's have a quick call so that I understand exactly what you are referring to in the BRA. How about some time on Friday?

Sincerely,  
Robert H. Pope, Acting Chief

Rob -

A number of the comments to the Sampling Plan are related to topics that are addressed in the revised BRA Memo. Accordingly, we will wait to respond to the Sampling Plan comments until you have completed your review of the BRA Memo. Please let us know if you would like to a call or meeting to discuss further.

**Subject:** [EXTERNAL] Comments on the LCP CBA Surface soil sampling memo dated March 2021

Prashant and Jim,

Please find attached EPA's and GEPD's comments on the above referenced memo. Please let me know if there are any questions and if we need to set up a meeting/call to discuss the comments. Please note that responses to comments made on the earlier BRA memo (and the revised BRA Memo itself) are still being evaluated. When the evaluation is complete, EPA will contact you regarding the need for a call or meeting regarding the BRA Memo.

Sincerely,

Robert H. Pope, Acting Chief
